The Residences at
Central Park[®]

Where the Urban and Natural Worlds Connect

Welcome to The Residences at Central Park

Central Park is an inspired, 12-acre, master-planned, environmentally sustainable community redefining how you live, work and play. The contemporary architecture is timeless, graceful and respectful of its pristine setting above the natural treasures of the East Don Parkland ravine. Breaking away from the conventional, the towers' facades have been designed with organic, leaflike architectural details to inspire the imagination, expressing a harmonious coexistence between sparkling glass and nature, paving the way for a sensory experience like no other.

As part of the Bayview Village neighbourhood you are connected to chic retail and vibrant restaurants, with the subway and GO transit right at your front door. You are also nestled in the East Don Parkland, surrounded by the calming serenity of nature, with a network of walking and cycling trails to explore that will make you forget you're living in the heart of the city. Welcome to an exciting new address that is a nexus between the urban and natural worlds, bringing the best of both worlds into perfect balance.

Connected to Nature

One of several bridges spanning the East Don River adjacent to Central Park; a network of trails follows the Don River, leading to the lakefront

A Lifestyle Like No Other

The exhilaration of city living and easy pleasures of a weekend retreat come together in harmony.

Enjoy city life to the fullest – and when it's time to unwind, transport yourself into the restoring world of nature, just steps away on the staircases leading to a lush, forested ravine – part of the Don River Valley parklands comprising over 500 acres of urban forest. Central Park offers you access to a vacation haven – right in your own backyard.

Jogging along the East Don Parkland Trail at the foot of Central Park

Enjoying a bike break on the East Don Parkland Trail

Walking in the East Don Parkland, directly adjoining Central Park

One of the staircases leading from Central Park to the East Don Parkland ravine – at your backyard

Enjoying a picnic along the East Don River directly adjacent to Central Park

Just Steps Away, It's Another World

Cycle your way along the trails, walk your dog or enjoy an afternoon picnic – the cares of the world melt behind you as city sounds soon recede, hushed by the forest, replaced by birdsong and the gentle music of the river. The network of bike-friendly pedestrian bridges that crisscross the meandering East Don River will inspire wondrous exploration through the lush, forested ravine – part of the Don River Valley parklands comprising over 500 acres.

Parks for people – and their pets

The fall foliage of the East Don Parkland – a breathtaking pageant of colour

The East Don Parkland in winter, at the north end of Central Park

Immerse Yourself in Nature's Four Seasons

The fall brings a breathtaking pageant of colour, when the trees blaze with hues of yellow, red and gold. In winter, drifts of snow shroud the ground transforming the East Don Parkland into a picture postcard. You'll know it's spring when a kaleidoscope of butterflies begin to appear, a prelude to summer's panorama of greenery that unfolds and embraces the trails.

Enjoying a winter's day in acres of snow-covered ravine behind Central Park

Winter along the East Don River, right in Central Park's backyard

Central Park Common – a Vibrant Urban Park

The Heart of this 12-acre, Master-planned Community

Central Park Common™ is more than an urban park – it's the heart of this master-planned community. Like the traditional village green, the Common is where you can connect with your friends. Saying "Meet me at the Common" will be as natural as saying "Hello."

This three-acre, award-winning, urban park is the perfect place to find a sweet spot to unwind, or spend some quality time with friends and family. Its pedestrian-friendly, open streets lined with trees and bicycle-friendly paths set a new standard for urban living. For outdoor meeting and mingling, it's the place to be – all year round.

The award-winning Central Park Common

Central Park Common – a Vibrant, Three-acre, Urban Park Celebrating Culture and Cuisine

The Common is a triumph of landscaped architecture – a sun-filled synergy of enchanting green spaces, original art installations, fountains and reflecting pools, with cafes and restaurants spilling onto the sidewalks. It's a welcoming space to gather for rest and recreation, where you can enjoy live music and browse the stalls of the farmers' market, street vendors and local artists – events that are all part of year-round programming.

The Common provides a captivating, landscaped gateway for a pleasant walk to and from the subway and GO station. In winter, lacing up your skates and sipping hot chocolate at the picturesque skating rink is destined to become a quintessential winter activity.

Enjoy year-round programming in Central Park Common

An array of choices for dining and socializing in Central Park

Celebrating Culture and Cuisine

Indulge your food fantasies at one of Central Park's fine eateries. The cafes and restaurants elevate dining to a new level, and the gourmet food market is sure to excite your senses. Street musicians entertain you with soft music as you enjoy a glass of wine under the summer stars, or lunch on the sunny terrace. As the sun sets, savour a chef-driven dinner in one of the bistros or trattorias – fostering a spirit of exploration by connecting people through food.

One of Central Park's chef-driven eateries

Central Park Common provides a captivating, landscaped gateway for a pleasant walk to and from the subway and GO station

Live, Work, Play – A Vibrant Pedestrian Experience

Central Park is the ideal place to live, work and play. It incorporates over 320,000 square feet of newly designed creative office space that feature a stimulating range of shops, cafes and services at street level, providing a vibrant pedestrian experience just beyond your front door. Driven to inspire and innovate, the newly designed office space includes sustainable green initiatives providing an exceptional work environment with forward-thinking features and smart technology.

Services will include a privately operated children's daycare, that features a spacious outdoor playground, catering to parents with toddlers and young children. Having this on-site convenience will make dropping the kids off at daycare feel like a "walk in the park."

World-class architecture and timeless design come together in harmony

Visionary Architecture

With the East Don Parkland as its Backdrop, the Towers are an Unrivalled Fusion of Art, Architecture and Design

World-class architecture, environmental sustainability and timeless design come together in harmony, embraced by the lushness of the ravine. A modern synthesis of innovation and inspiration surrounds where you live, and how you live. The towers are a soaring work of art located within The Residences at Central Park – a 12-acre, master-planned community overlooking the East Don Parkland ravine.

The towers' facades have been designed with organic, leaflike architectural details to inspire the imagination, expressing a harmonious coexistence between sparkling glass and nature, paving the way for a sensory experience like no other. The floor-to-ceiling windows are designed to disappear into the background, blurring the line between the indoors and outdoors.

Amenities Aplenty – The Park Club

Your Choice, Your Life, Your Style

The Park Club™ – 55,000 square feet of light-drenched, indoor amenity space on four floors, with an extensive offering of fitness, wellness, leisure and social amenities, and two expansive rooftop terraces: The South Terrace – an outdoor sun-and-swim experience with a saltwater pool, sundeck and cabanas; and The East Terrace with outdoor barbecue areas and secluded zen gardens.

Setting a new standard for lifestyle amenities, your options are unlimited and resemble an exclusive five-star resort. The Park Club is whatever you want it to be – your choice, your life, your style.

Your Rooftop Retreat

At The Park Club, you'll find extraordinary living becomes everyday life. Unwind on one of the rooftop terraces and enjoy an outdoor barbecue in the sun. It's the perfect place to gather and grill on a warm summer evening with friends. Or find some quiet time for yourself to relax in the cabanas or recharge in the zen gardens after a day at work, or after working out.

The spaces have been designed to stoke a sense of wellness, while immersing you in the splendour of nature. Here, tranquility and harmony prevail as you marvel at the beauty of the sunrise and sunset. Leave your cares behind and make carefree your new way of life.

Taking Fitness to the Next Level

While you're on the treadmill, spinning, exercising in the studio, or working out with your personal trainer, you'll also be connecting with nature. The Park Club brings the outdoors in – panoramic windows illuminate and transform the spaces, maximizing sunlight, engaging your senses and calming your mind.

At The Park Club even the most committed exercise enthusiasts will be inspired by the spacious, sun-filled fitness club, numerous exercise studios, saltwater pools and juice bar. The Park Club – where extraordinary living becomes everyday life.

The Park Spa's luminous reception

Renew, Restore, Revitalize

At The Park Spa,[™] wellness has never felt more natural. Indulge and rejuvenate in your personal sanctuary of serenity with a massage, a facial, or visit to the nail and hair bar. Relax in the infrared sauna or steam rooms. Unwind and sip some herbal tea in the spa lounge. You'll be immersed in an atmosphere of restful tranquility, soothing your body and soul, nurturing a healthier lifestyle and holistic well-being.

Indulge in a wide range of restorative treatments

The serene massage studio

The luxurious Park Spa lounge

Lounge, Relax, Connect

The Park Club lounges are the multipurpose hubs where you can gather and welcome. The lounges have been designed to foster intimacy and connection – places that invite you to relax with friends for casual fun and good times, or places to work from “home” with the use of extreme-speed internet and smart technology.

Informed by a love of nature, the elegant furnishings celebrate glamour and refinement, while creating a warm and welcoming ambiance of relaxed luxury. Lose yourself in a novel in the library, or invite friends for a special celebration in the piano lounge, wine-tasting room or multipurpose lounge featuring original art installations and enchanting sitting areas.

Your Coworking Space

At The Park Club working from “home” has never been easier. This spacious coworking space supports a hybrid working model, providing flexible and productive work areas whenever you need them, right at the ground floor of your “home.”

This expansive, cutting-edge, networking zone accommodates community and collaboration with hot desks, communal tables, private meeting rooms, a business centre and breakout spaces. Offering an exceptional work environment with forward-thinking features, extreme-speed internet and smart technology, this truly flexible coworking space is designed to foster networking and productivity for either a hybrid work model or growing your own business.

Workout, Chill Out or Just Hang Out

The Park Club features more than 55,000 square feet of fitness, wellness, leisure and social amenities over four sunlit floors, and rivals facilities at the world's finest five-star resorts. Let the cares of the day disappear in the spacious fitness areas. Plunge into the saltwater pool after a yoga session or soak up the sun on the outdoor deck. Indulge in a fragrant aromatherapy massage to soothe both body and soul.

The Park Club is a social hub. A place to entertain your guests. A place to relax at the piano lounge, play a round of billiards or lose yourself in a novel in the library. A place to work from "home" in a hybrid work model, or to grow your business and collaborate at the coworking space. A place to host your out-of-town friends and family in the guest hotel suites. A place to cheer your team on to victory in the private screening room. A place to host a rooftop barbecue, catered party or dinner for friends. A place to enjoy an evening "out on the town" without ever having to step outside.

Environmental Sustainability

Resident App

On-site bicycle-share service

Reducing Our Carbon Footprint

Central Park incorporates industry-leading environmental and sustainable initiatives for a clean, energy-efficient lifestyle. EV (electric vehicle) charging stations are located throughout the parking areas in residential and visitor parking spaces, promoting safe, clean travel – free of emissions. The TTC subway and GO Transit are right at your doorstep to minimize driving, helping to reduce energy consumption – or go green with use of the on-site bicycle- or EV car-share service.

Low-waste systems conserve water use

Programmable comfort system

Central Park features green roofs that reduce energy consumption and absorb rainwater, and rooftop reflective solar panels that supplement the buildings' power needs. Thermal building envelopes minimize energy usage and next-generation mechanical systems facilitate advanced airflow and air filtration.

Convenient, on-site EV car-share service with abundant dedicated spaces

EV (electric vehicle) charging stations conveniently located throughout the parking areas

Amexon's Green Development Standard™ Incorporates Industry-leading Sustainable Green Features into the Development

In the suite:

- Individually metered electrical and water usage, providing control over energy and water consumption
- Architecturally designed, thermally insulated, energy-efficient and Low-E (low-emissivity) aluminum windows
- High-performance thermal building envelope minimizing unwanted solar gain and heat loss
- Conserved water use through the design of low-waste systems and a selection of water-wise fixtures for showers, sinks and dual-flush toilets
- Individually controlled and programmable comfort systems to control heating and cooling from your smartphone
- WiFi remote programmable thermostat
- Next-generation mechanical system with improved airflow and air filtration
- Energy Star®-rated appliances with minimal energy consumption
- Environmentally friendly Low-E suite finishes
- Significant usage of hard-surface flooring for easy maintenance and to minimize dust and allergens
- Paints with low levels of volatile organic compounds

Public transit, reducing our carbon footprint

In the building:

- Green roofs reduce energy consumption and absorb rainwater
- Solar power panels supplement the building's power needs
- EV (electric vehicle) charging stations conveniently located throughout the parking areas in residential and visitor parking spaces
- Energy-efficient LED light fixtures and motion sensors in corridors and common areas
- Keyless / touchless entry for elevators and doors
- Intelligent building automation system for heating and cooling controls in common areas
- Next-generation building mechanical systems featuring improved airflow and HEPA filtration systems
- Intelligent Destination Control Elevators optimizing trip durations
- Selection of high-efficiency building mechanical equipment
- Tri-sorter disposal and recycling system
- Environmentally friendly Low-E building materials
- Central building water filtration system
- On-site EV car-share service with use of app – convenient and abundant dedicated EV car-share spaces
- On-site bicycle-share service
- Convenient and abundant bicycle parking facility for residents and visitors
- Convenient access to TTC subway, GO Transit and bus
- Resident App incorporating ongoing green initiatives
- On-site privately run children's daycare minimizing driving trips to and from daycare

Ride the GO train nonstop to and from Union Station, reducing energy consumption

As part of the Metrolinx GO expansion program, the existing Oriole GO station is proposed to be relocated at the existing Leslie subway station site. No representation is made as to when and whether the Oriole GO station relocation will be completed. The final municipal address including the street name are subject to change in accordance with The City of Toronto's street naming guidelines for new developments. All renderings are artistic impressions only and are subject to change at any time. No representation is made with respect to current or proposed construction plans by the developer as to any matter. Some descriptions and renderings in the brochure include details or images of proposed buildings or features within or associated with the development which are at the predevelopment stage and subject to further approvals and change. There is no representation made with respect to the description, renderings or that the final buildout will be the same as described or as shown in the brochure. Architectural and design features and items relating to the towers such as height, location and number, may be changed by the developer or as required by planning authorities, at any time. The developer may substitute materials and change specifications in its discretion at any time. The specifications and other terms contained in the Agreement of Purchase shall govern. The decorative features and finishings displayed in the brochure and in the model suite are not part of the residential units or common areas. Floors and specific finishes will depend on décor packages as determined by the developer. Amenities and their components are subject to change at any time based on developer, governmental, construction or other requirements. Certain recreational facilities and amenities are to be used in common with The Park Club - Commercial and will be located in the commercial component of the development. All specifications, elements and renderings in the brochure, the model suites and other marketing material are subject to change in the sole discretion of the developer without notice. E.&O.E.
